LAMRIN TECH SKILLS UNIVERSITY PUNJAB

University School of Computing

Technical Event: Mini Hack Fest

Coordinator: Mr Aayush Dhiman, Ms Aman Rana

Objective

To encourage teamwork, creativity, and practical coding skills by building a small working project in a limited time.

How to Implement

- Form teams of 2–3 students.
- Provide 3–4 small project ideas (To-do app, Calculator, Chat UI, Data visualization page).
- Allow technologies like HTML, CSS, JavaScript, or Python.
- Give 1–2 hours for development.
- At the end, each team gives a 2-minute demo of their project.
- Judges evaluate based on working project, creativity, and UI.

Rules

1. Participation is in teams of 2–3 members only.
2. Teams must select one problem statement provided by the organizers.
3. Only the allowed technologies (HTML/CSS/JS or Python) can be used.
4. The project must be developed during the event time only (no pre-built code).
5. Internet usage is not allowed except for documentation (if permitted by organizers).
6. All teams must submit and demo their project within the given time limit.
7. Any form of plagiarism will lead to disqualification.
8. The decision of the judges will be final.
