Eco-Essence Club

At the University School of Engineering and Technology (USET), Lamrin Tech Skills University Punjab, students are encouraged to learn, lead, and create a positive impact on society. The **Student Welfare Club** and **Eco-Essence Club** provide vibrant platforms for students to develop leadership qualities, social responsibility, environmental consciousness, and teamwork through meaningful activities and community engagement.

Faculty Coordinator: Dr. Jayishnu Singla

Faculty Co-Coordinator: Mr Shubham Sharma

Student Coordinator: K. Santhosh Reddy

Student Welfare Club

The Student Welfare Club is dedicated to fostering student well-being, holistic personality development, leadership, and social responsibility. Serving as a dynamic platform for learning beyond the classroom, the club empowers students through workshops, awareness campaigns, volunteer initiatives, community outreach programmes, and interactive sessions that nurture confidence, teamwork, and essential life skills. During the academic sessions the club successfully organized a wide range of impactful activities, including Srijanam 3.0 – Freshers'

Party, a Cloth Donation Drive for underprivileged communities, educational visits, expert lectures, career guidance sessions, awareness programmes, and various student engagement activities such as quiz competitions, poster-making, and slogan-writing contests. Through these initiatives, the club has inspired students to become socially conscious, compassionate, and responsible citizens while creating opportunities for personal growth, leadership development, and meaningful contributions to society.

Eco-Essence Club

The **Eco-Essence Club** is dedicated to promoting environmental sustainability, ecological awareness, and responsible citizenship among students. As a platform for environmental action and innovation, the club inspires students to become active stewards of nature through conservation initiatives, plantation drives, cleanliness campaigns, biodiversity awareness programmes, and activities that encourage sustainable living and environmental responsibility. During the academic sessions, the club successfully organized a series of impactful initiatives, including **World Environment Day Celebration**, **World Water Day Awareness Programme**, **Swachhotsav 2026**, plantation drives, cleanliness campaigns, vermicomposting awareness activities, and expert lectures on sustainability and environmental conservation. The club also launched the **Green Holiday Challenge 2026**, motivating students to undertake eco-friendly activities during their vacation and inspire their communities through positive environmental action. Through these initiatives, the Eco-Essence Club has cultivated a culture of environmental stewardship, sustainability, and community engagement while empowering students to become environmentally conscious leaders committed to building a greener, cleaner, and more sustainable future.

Highlights of Our Activities

Throughout the academic year, the clubs organize and participate in a variety of events, including:

- Environmental awareness campaigns
- Plantation and cleanliness drives
- Expert lectures
- Quiz, poster-making, and slogan-writing competitions
- Community outreach and volunteer programs
- Celebrations of national and international observance days
- Sustainability and social responsibility initiatives

Key Outcomes

- Fostered leadership, teamwork, communication, and organizational skills among students through active participation in club activities.
- Enhanced students' social responsibility, community engagement, and volunteerism by organizing outreach programmes and welfare initiatives.
- Increased awareness of environmental conservation, sustainability, waste management, and biodiversity through hands-on learning experiences.

- Encouraged students to adopt eco-friendly practices and contribute towards achieving the Sustainable Development Goals (SDGs).
- Strengthened students' confidence, creativity, and problem-solving abilities through competitions, awareness campaigns, workshops, and interactive sessions.
- Promoted holistic personality development by providing opportunities for experiential learning, collaboration, and community service.
- Cultivated responsible, compassionate, and environmentally conscious citizens committed to making positive contributions to society and the environment.

These activities provide students with hands-on learning experiences, leadership opportunities, and a chance to contribute meaningfully to society and the environment.
