

B.TECH

ELECTRONICS ENGINEERING (VLSI DESIGN & TECHNOLOGY)

ACADEMIC SESSION 2024-25

FUTURE IN CHIP DESIGN @LTSU

B.Tech program in Electronics Engineering is offered in collaboration with L&T EduTech, leveraging the extensive expertise of the Larsen and Toubro group (L&T), an Indian multinational with a remarkable track record of executing prestigious projects across 30+ countries over 8 decades. This partnership with L&T brings real-world industry skills into the curriculum, focusing specifically on **VLSI Design and Technology**. The curriculum is thoughtfully structured in a modular format, spanning from fundamental to advanced levels, ensuring a comprehensive learning experience with hands on practice. Students enrolled in this program benefit from a multifaceted approach that encompasses technical, functional and behavioral skills, providing them with a competitive edge in their careers. The design of the program incorporates live learning from L&T industry experts, hands-on problem-solving through real-life case studies, mastery of relevant software tools, and practical learning through projects in course. Furthermore, a Capstone project is integrated to foster deep skilling, allowing students to apply their acquired knowledge in a comprehensive manner.

PROGRAM HIGHLIGHTS:

- Comprehensive industry-relevant curriculum designed by L&T EduTech with special focus on core, emerging and specialization courses.
- Hands-on learning with state-of-the-art labs and tools for VLSI circuit design, simulation, and fabrication.
- Internship opportunities at renowned semiconductor companies for invaluable industry exposure.
- Faculty comprising experienced educators and SMEs from L&T EduTech.
- World-class learning content on cutting-edge technologies for industry-specific applied skills designed by L&T EduTech.
- Industry live/real projects in 6th semester.
- Enhanced Employability through Skill exchange Platform of L&T.
- Industry Exposure makes industry ready.

SCAN FOR
REGISTRATION

Eligibility Criteria:

- Minimum 60% marks in class XII Non-Medical or JEE / CUET.

Course Duration:

- 4 years (3+1).

Course Structure:

- 3 Years at LTSU Campus
- 1 year in OJD/OJT.

Admission Process:

- Online registration.
- Personal Interview.
